## Journal Progress – Tiers and Skill Points

Fill out one row per event. You level up Tiers with number of events. Skill Points (SP) earned vary by the nature of events. You earn 1 SP for a day event, 2 SP for a campout, or 3 SP for a festival (rare). In addition, if you NPC, you gain 1 SP or may be awarded SP for other reasons. You may spend any number of SP per event that you have. The cost of skills is the same as its Tier (e.g., a Tier 2 Skill is 2 SP.)
